INSTITUTION AND LOCATION	DEGREE (if applicable)	MM/YY	FIELD OF STUDY
South Louisiana Regional Technical Institute	LPN	09/1993	Practical Nursing

A. Personal Statement

I have a broad background in nursing with twenty years experience as a staff nurse, as a float nurse to various specialties, and twelve years of experience with clinical research trials including Medical Oncology, Radiation Oncology, Cardiology, and Neurology. I feel that the experience and knowledge I've gained over the previous twenty years has greatly helped me to be effective in my current positions of Certified Clinical Research Coordinator. I have screened and enrolled patients to NCI sponsored trials conducted by the Cooperative Groups, and work collaboratively with the LSUHSC MB-CCOP to assist in meeting the deliverables of accruing underserved and minority patients to clinical trials. With the experience I have, I am positioned to support the accrual of patients to NCI sponsored trials through the proposed NCORP application as the research coordinator for Mary Bird Perkins Cancer Center at Terrebonne General Medical Center.
