

F30 AWARD

The Department of Genetics proudly announces MD/PhD student Anasheh Halabi has been awarded Ruth L. Kirschstein National Research Service Awards (NRSA) for Individual Predoctoral MD/PhD Fellows (F30) grant. Anasheh received her NRSA fellowship from the National Institute on Aging (NIA). The purpose of the grant is "to support promising predoctoral applicants who have the potential to become productive, independent, highly trained physician-scientists and other clinician-scientists, including patient-oriented researchers in their scientific mission areas."
