

DOM NEWS BLAST

The LSU Department of Medicine Weekly Communication

Dr. Ben Springgate, Dr. Gala True, Dr. Elyse Stevens, Dr. Wesley Villavicencio Torres, and Isha Matta (Community and Population Medicine) as well as current and recent LSU Medical Students Hannah Doran, Karlee Mott, and Elizabeth Holland, and academic and community partners published **Implementation of medication for opioid use disorder treatment during a natural disaster: The PROUD-LA study** in *Journal of Substance Use and Addiction Treatment*.

Dr. Kasha Bornstein (4th year EM/IM resident), Dr. Ben Springgate (Community and Population Medicine) and partners from the FIT Clinic and VOTE were highlighted in a recent NOLA.com article by Emily Woodruff on experiences of people with opioid use disorder in the Orleans Justice Center (Orleans Parish jail). 'We just don't want them to die': As drug deaths double, inmates get overdose prevention training https://www.nola.com/news/new-orleans-inmates-overdose-prevention-training/article_c0011be6-4867-11ef-96c1-b3614baff4a8.html
