

DOM NEWS BLAST

The LSU Department of Medicine Weekly Communication

Dr. Farha Khan (Lafayette) will serve as the Internal Medicine Program Director for Lafayette. We are excited to have her begin her new journey and we are confident that her leadership, vision, and dedication will help further elevate the Lafayette program.

Congratulations, Dr. Khan.

We're proud to announce that Dr. Shelby MacRae (Pulmonary/Critical Care) and the NTM/ Bronchiectasis team in Pulmonary/Critical Care have been accepted into the COPD Foundation's new Bronchiectasis and NTM Care Center Network (CCN). LSU is one of the first sites in the nation to receive this designation, reflecting our leadership in advancing care for these complex lung diseases.

Congratulations NTM/Bronchiectasis Team!
