TEACHING EXPERIENCE AND RESPONSIBILITIES

Curriculum Development/Implementation

2007-2009 Residency Rotation Supervisor
Mobile Psychiatry Program
New Orleans Adolescent Hospital/LSU Health Science
Center New Orleans, LA

Developed direct clinical services to Plaquemines Parish community affected by Hurricane Katrina. 8 hours per week

Developed multidisciplinary educational psychiatry program to Plaquemines Parish community directly affected by Hurricane Katrina. 2 hours per week

2007-2012 Residency Rotation Supervisor
Public Child & Adolescent Psychiatry Outpatient Clinic
New Orleans Adolescent Hospital/LSU Health Sciences
Center New Orleans, LA

Directed a newly formed child and adolescent outpatient clinic following Hurricane Katrina within the Plaquemines parish public school system. 20 hours per week

2007-2018 School Based Mental Health Clinic, St. Bernard
Alternative School. Chalmette, LA

Developed school based mental health clinic at St. Bernard Alternative School following Hurricane Katrina. The alternative school had a dedicated, mental health oriented social worker, highly motivated teachers who were sensitive to mental health issues. The St. Bernard school system repopulated quicker than Plaquemines Parish and the need for mental health services were higher. High-risk students populated the school. 6-8 hours weekly

- *Direct supervision of clinical cases and didactic lectures*
- *Specialized skills; Consultation and Liaison with schools, coordinating services with a multidisciplinary team, treatment of children in a school setting*
- *Specialized training; substance abuse, juvenile delinquency/conduct disorders, special education, and cultural competency.*

2009-2013 General Resident Psychotherapy Clinic, Saint Bernard
Project Mental Health Clinic. Chalmette, LA

The St. Bernard Project, a housing renewal agency established for the recovery after Hurricane Katrina, partnered with LSUHSC Psychiatry Department to address the many mental health issues being experienced by their clientele. The majority of patients presented with severe mental health illnesses requiring medication management. 6 hours a week. Residents received didactic lectures on topics related to outpatient management of severe mental illness, especially psychotherapeutic interventions. They also received direct case supervision.

2010-2014, & 2018-2022	Child and Adolescent Psychiatry Psychotherapy Clinic Behavioral Science Center, LSU Health Science Center New Orleans, LA
---------------------------	---

Fourth and fifth year residents seeing individual and family psychotherapy patients would receive two types of faculty supervision: group and individual. 2-4 hours weekly

2012-Present	Children's Hospital-New Orleans Autism Clinic New Orleans, LA
--------------	--

Didactic lectures and direct observation of clinical cases. Topics covered include outpatient practice, family systems therapy, psychopharmacology, cultural competence, and psychological theories, 4-8 hours weekly

2014-2018	Children's Hospital-New Orleans Transitional Clinic New Orleans, LA
-----------	--

Development of transitional outpatient services to the ED and Inpatient service. The clinic provided 9-12 hours of patient appointments weekly staffed by residents and faculty. Patients were seen one to five times until appropriate outpatient services established within the community. Residents assigned up to three cases per week. The appointments focus on triage, rapid assessment, stabilization, and disposition. Residents receive direct supervision by faculty on each case. This program allows for unique training opportunities for the residents to learn about systems of care, coordinated services, and triage, 8 hours per week

Formal Course Responsibilities

2007-Present	Special Topics Lecturer, Child and Adolescent Psychiatry Residents, Louisiana State University Health Science Center, New Orleans, LA
--------------	---

Topics included; Personality Disorders, Developmental Disorders, Types of Psychiatric Practice, Ethics, Special Education, Family and Social Psychiatry, Medical Advocacy, Mental Health Inequity, Cultural Psychiatry, and Clinical Research

2009-2011	Small Group Leader SPM 100 Course, First Year Medical Students, Louisiana State University Health Science Center, New Orleans, LA
-----------	---

2016-Present	Supervisor and Didactic Lecturer, Child and Adolescent Psychiatry Resident Psychotherapy Seminar. 1 hour per week
--------------	---

Teaching senior residents psychotherapy skills for clinical practice and introducing psychotherapy supervisory skills to be used after graduation. Residents present actual therapy cases in a group format. As the year progresses the residents begin to supervise each other, demonstrate

self-assessment skills, and utilize established techniques used in supervision.

The goal is to continue psychotherapy education and supervision of their cases, improved post training self-assessments skills, and the development of their future role as a supervisor of other mental health professionals. Didactic lectures are interspersed throughout the year focusing on the supervisory process.
