

- 8:30–8:55 Check-in & Coffee – Human Development Center, 1<sup>st</sup> floor  
8:55–9:00 Welcome Remarks: Martin Ronis, PhD, Professor of Pharmacology, LSUHSC

### **Morning Scientific Session**

- Moderators:** Chelsea Kasten, PhD, T32 Postdoctoral Fellow, Cell Biology & Anatomy, LSUHSC  
Muhammad Farooq, T32 Predoctoral Fellow (MD/PhD), Cell Biology & Anatomy, LSUHSC
- 9:00–10:00 **Keynote Address:** *The Matrisome and Inflammatory Liver Injury in Alcoholic Liver Disease*  
Gavin Arteel, PhD, FAASLD, Associate Chief for Basic Science, Division of Gastroenterology, Hepatology and Nutrition; Pilot and Feasibility Core Director, Pittsburgh Liver Research Center, University of Pittsburgh
- 10:00–11:00 **Keynote Address:** *Alcohol-Mediated Host Defense and Inflammation: “Stress”ing on the Proteostasis Network*  
Pranoti Mandrekar, PhD, Professor of Medicine, University of Massachusetts Medical School
- 11:00–11:15 Coffee break

### **Trainee Talks**

- 11:15–11:30 *Alcohol-Mediated Skeletal Muscle Mitochondrial Dysfunction: Insights from Non-Human Primates*  
Danielle Levitt, PhD, T32 Postdoctoral Fellow, Physiology, LSUHSC
- 11:30–11:45 *Adolescent Ethanol Exposure Alters Excitatory Transmission and CRF Signaling in the BNST*  
Eleanor Holmgren, T32 Predoctoral Fellow (PhD), Cell Biology & Anatomy, LSUHSC
- 11:45–12:00 *mGlu5 Receptor Knockdown in the BNST Mediates Sex-Dependent Expression of Negative Affect Produced by Adolescent Ethanol Exposure and Adult Stress*  
Chelsea Kasten, PhD, T32 Postdoctoral Fellow, Cell Biology & Anatomy, LSUHSC

### **Lunch & Panel Discussion – Chancellor’s Reception Room (335)**

- 12:10–12:40 Lunch (served on a first-come-first-served basis)
- 12:40–1:40 **Panel Discussion:** *My Experience on Study Section*
- Moderator:** Amanda Pahng, PhD, Postdoctoral Fellow, Physiology, LSUHSC
- Panelists:** Gavin Arteel, PhD, FAASLD  
Pranoti Mandrekar, PhD  
Kathleen Grant, PhD

### **Afternoon Scientific Session**

- Moderators:** Nathan Sharfman, MD/PhD Candidate, Physiology, LSUHSC  
Brittany Foret, MD/PhD Candidate, Physiology, LSUHSC
- 1:45–2:45 **Keynote Address:** *Linking Alcohol Drinking and Flexible Thinking with MRI of the Primate Brain*  
Kathleen A. Grant, PhD, Professor and Chief, Division of Neuroscience, Oregon National Primate Research Center
- 2:45–2:50 Concluding Remarks: Patricia Molina, MD, PhD, ADACE Director
