

LSUHSC ADACE Cannabinoid Workshop

New Orleans, LA
November 10, 2024

A.M. Scientific Session (open to public) in MEB Seminar Room 3

Moderator: Nick Gilpin, PhD, Professor & ADACE Co-Director, LSUHSC.

8:50-9:00: Welcome Remarks.

Patricia Molina, MD, PhD, Professor & ADACE Co-Director, LSUHSC.

9:00-9:50: *Endocannabinoid Signaling and Therapeutics: Translational Implications for Stress and Alcohol-Related Disorders*

Sachin Patel, MD, PhD, Professor & Chair of Psychiatry, Northwestern U.

9:50-10:40: *The Importance of Route of Administration in Preclinical Studies on Cannabis*

Matthew Hill, PhD, Professor & Chair of MIST, University of Calgary.

10:40-11:30: *Cannabinoid Regulation of the Neuromodulatory Control of Inhibitory Circuits in the Basolateral Amygdala*

Jeffrey Tasker, PhD, Professor, Tulane University

Public portion of the day ends.

Break and transition to CSRB 366.

P.M. Scientific Session (closed door session) in CSRB 366

11:30-12:30: Catered Group Lunch for afternoon participants

12:15-1:30: Cannabinoid modulation of alcohol and TBI effects on brain and behavior

Drs. Gilpin, Molina, Jacotte, Middleton

1:30-2:45: CB1 receptors in alcohol-induced heart dysfunction

Janos Paloczi, PhD.

2:45-4:00: Endocannabinoid modulation of VTA-CeA neurons in alcohol dependence

Elizabeth Avegno, PhD

6:30 p.m. Dinner at Pêche (by invitation only)
