LSU SCHOOL OF MEDICINE - NEW ORLEANS
ALUMNI ASSOCIATION JOURNAL
Medicinews
Volume 41, No. 1 - Spring '24

A Message from the Dean

In the fall edition, I mentioned the major laboratory renovation on floors 5, 6, and 7 of the Medical Education Building. Demolition of those floors began in October and was completed in February 2023. Construction of the new lab space and office suites will begin this spring, and will be completed within two years. This will be an amazing advancement for our researchers, and it will allow us to recruit scientists for the future. I also mentioned that we hired Dr. Peter DeBlieux to develop the educational programs in the new Center for Advanced Learning and Simulation (CALs) building. He has begun hiring staff, and is working with industry partners to help outfit the simulation centers. He will speak to Committee of 100 members in June, and I think his innovative vision for the CALs building will generate excitement.

In the fall, LSU, LCMC, Tulane and the Louisiana Cancer Research Center (LCRC) all signed an agreement that LSU will lead the effort to obtain a National Cancer Institute (NCI) designated Cancer Center for Louisiana. Aligning these four institutions took a lot of effort. We are in the best position to apply for this important designation from NCI. We have strong research and clinical programs, including an excellent network of clinical trials and community outreach. Our clinical

footprint across Southern Louisiana and our relationships with other institutions statewide also makes LSU the logical choice to apply for NCI designation. Dr. Joe Ramos, CEO of the LCRC, became a full time LSU faculty member on January 1st, and he will lead this multi-year effort.

In the coming years, the school will undertake two large planning projects. First, we will undergo reaccreditation by the Liaison Committee on Medical Education (LCME) in October 2025. Our last accreditation visit in 2017 was very successful, and we received the maximum 8-year term of accreditation. Even though the LCME site visit is 18 months away, we have begun preparing. The required self-study is a huge undertaking. Numerous faculty committees and student committees will collect large amounts of data and write voluminous reports – all of which will be submitted to the LCME in the summer of 2025. Dr. Robin English will lead this effort, and we are all grateful for her willingness to take on this monumental task. Second, in March, we began developing a five-year strategic plan for the School of Medicine. We have engaged a consulting firm in Baton Rouge to guide this project. They will conduct interviews, surveys, and focus groups with large numbers of school personnel as well as external stakeholders (including alumni). They will help us define concrete, aspirational goals with specific targets for growth in our clinical operations, our research enterprise, and our educational programs for the next five years. Given that the research and clinical environments have become increasingly competitive, having clear goals and objectives is important. You will hear more about both efforts in future editions.

With the advent of spring important events close out the academic year. Match Day, held March 15th, was attended by 175 medical school students and 80% of graduates will stay in the state and enter an LSU Health residency program. The class of 2024 will graduate on May 16th and we will wish them well as they move on to the next phase of their training. In June, we will welcome a new group of interns, and senior residents will transition from residency into practice.

We could not carry out our mission to train the next generation of doctors for Louisiana without the help of the Alumni Association. Thank you for your ongoing support.

Respectfully,

Richard DiCarlo ('87)
Interim Dean

Committee of 100

The Committee of 100 – Champions of Excellence, founded in 1983 by Bernard Samuels ('57) and Cy Vaughn ('58), strengthens the LSU School of Medicine by providing crucial support for faculty recruitment and retention, facility improvements, student development initiatives, and community outreach efforts. Membership offers three tiers, which can be fulfilled over a 10-year period via monthly, quarterly, bi-annual, or annual gifts.

✦ Regular Membership - \$10,000 pledge

✦ Double Membership - \$20,000 pledge

✦ Life Members Membership - \$25,000 pledge or more

Pledges can be fulfilled with cash, appreciated stock, IRA distributions, or other assets. The LSU Medical Alumni Association, a 501(c)(3) organization, aligns with the LSU School of Medicine's fourfold mission of education, patient care, research, and community outreach. Donations are tax deductible as allowed by law.

Honor Roll

2023 Honor Roll Gifts from January 1 to December 31, 2023

The LSU Medical Alumni Association extends heartfelt gratitude to those who contribute to advance the mission of the LSU School of Medicine. Those acknowledged have demonstrated remarkable generosity by donating to either the LSU Medical Alumni Association or to funds managed by the LSU Health Foundation that directly benefit the medical school. Through a collaborative effort, the Association and the Foundation strive to elevate healthcare standards, foster innovation in treatments, and pioneer breakthrough care both within Louisiana and on a broader scale. Your support is deeply appreciated.

Please know that every effort has been made to ensure the accuracy of this list. Email ROAR@lsuhsc.edu if you have questions or to report any inaccuracies or omissions. The LSU Medical Alumni Association is audited annually by Erickson Krentel, LLP. A copy of the audit is available upon request by contacting the Office of Alumni Affairs at roar@lsuhsc.edu or (504) 568-4009.

17th Annual Purple & Gold Gala

The 17th Annual Purple & Gold Gala was held on Friday, October 20, 2023, at The New Orleans Marriott. Entertainment was provided by Dat Band. Attendees included alumni, faculty, students, and friends of the Medical Center, who enjoyed a reception-style dinner, beverages, a silent auction, and dancing to great music.

Reflections on Technology and Transformation

A Conversation with Daryl P. Lofaso, PhD, MEd, RRT, CHSE

by Joy Matthews, Medical Alumni Staff Writer, Coordinator and Executive Assistant

As the LSU School of Medicine sets its sights on expansion of its facilities and learning centers, we at the alumni office invite you to take a closer look at the integral role the current facilities, with its modernized-equipment and forward-thinking approach, have made in strengthening education. These advancements have significantly enhanced the learning experience and teaching capabilities for students and faculty, profoundly impacting their clinical, academic, and professional journeys.

We asked seasoned faculty member, Daryl P. Lofaso, PhD, MEd, RRT, CHSE, Assistant Professor – Research, Director of Simulation Operations and Director of Clinical Skills Lab, about the impact of the medical school's state-of-the-art facilities on education. His dedication, expertise, and hands-on training over the past 20+ years have helped uniquely prepare the healthcare professionals of tomorrow.

Can you provide some history about the advanced learning facilities?

The LSU Health Isidore Cohn, Jr., MD, Student Learning Center and the Clinical Skills Lab (CSL) opened August 2001 and was immediately incorporated into the LSU School of Medicine curriculum. For over two decades the learning center has created space and programming for all levels of healthcare learners, facilitating training on cadavers, high-low fidelity patient simulators, or procedure task trainers. This innovative environment has contributed to the formation of outstanding physicians who have graduated and now practice throughout the United States.

How have these innovations impacted education?

The CSL format is a fast-paced structured learning environment that assures an introduction and practice of hands-on experiences for medical students. The students are introduced to patient assessments, procedures, and critical thinking skills that are commonly performed in the patient environment. This early exposure to standardized procedural tasks permits the development of competency-based training for all medical students. These skills that are introduced in the first two years of medical school function as critical building blocks for future patient care encounters. All medical students are assessed for their ability to perform patient care tasks and receive direct, real-time feedback on their performance. The CSL challenges students and exposes them to a variety of essential clinical skills that will enhance their ability to care for patients.

The CSL and simulation space also fosters faculty development in medical education, creating the next generation of medical educators who are comfortable using simulation as an ideal problem-based learning platform.

What has your experience been while in this role?

I have had the privilege of teaching all of our medical students entering the Skills Lab for the past 22 years. In this time, approximately 4,200 medical students rotated through the Center. Our students believe that the CSL is a standard platform across medical schools. When they participate in away rotations, they quickly discover their skills are more advanced compared to most medical students due to our training environment at LSU. Over the years, students have shared their experience on how our Skills Lab training has given them an opportunity to advance their procedure training. Just last month, a former student, now a practicing physician, shared that the skills learned in the lab are used daily. These types of experiences have been shared numerous times by graduates over the past two decades. They are grateful for the opportunity to have trained in our Skills Lab.

Have the innovations benefited the school in other ways?

The Cohn Student Learning Center and the Clinical Skills Lab have also allowed us to partner with our faculty and industry to remain on the forefront of surgical and procedural

interventions by training local, regional, and national physicians in the latest surgical techniques. It also has opened the door for recruiting future medical students. In any given year, the LSU School of Medicine admits between three to five prospective students that have previously participated in the Area Health Education Center (AHEC) Day with the Doctor (DWTD) program, a community outreach initiative that offers high school students the opportunity to spend the day with second-year medical school students. Currently, we have four medical students in the second-year class that participated in the DWTD program. These medical students have shared how special it is to see their experience come full circle.

A Special Thanks and New Call to Action

The LSU School of Medicine and Dr. Lafaso are grateful for the generous support of the school's alumni and friends in helping to make this facility available over two decades ago. The Office of Alumni Affairs, then under the direction of Associate Dean **Russell Klein ('59)**, played an integral role in the fundraising, design, and construction of the Cohn Learning Center and Skills Lab with the support of the LSU Medical Alumni Association's Board of Directors.

At the request of leadership, a collaborative effort will soon be underway to assist in fundraising for additional state-of-the-art advanced

technology expansion projects like the newly built LSU Health Center for Advanced Learning and Simulation (CALs). The lab will allow students the opportunity to gain experience and train in a virtual hospital setting. **Peter DeBlieux ('88)**, Assistant Dean for Advance Learning and Simulation, will lead the effort to plan, develop and implement clinical training and assessment programs in the CALs training center. Dr. DeBlieux has been recognized by students and residents as an outstanding educator and has won numerous teaching awards. "It is an exciting time, and we look forward to partnering with others to make these initiatives a reality for the future of medical education at LSU," said Dr. DeBlieux.

"I am more than happy to support my alma mater in any way possible. It is my desire that LSU succeeds in its pursuit of training many generations of exceptional physicians for many years to come. I want Louisianians to have access to excellent universities of higher learning that will encourage them to stay in the state and provide for the needs of our great state. Therefore, I stand behind LSU School of Medicine both financially and by encouraging future generations to seek out their education at LSU."

Edward J. 'Eddie' Dease III ('91)

"The simulation center and clinical skills lab curriculum have been essential components of my medical education. They have played a critical role in integrating didactic content learned in the classroom with procedural skills and life-like application of fundamental clinical scenarios."

The simulation center has also been imperative to our interprofessional development and has drastically supplemented student interest group activities through hands-on workshops and early exposure to various medical specialties held outside of typical school hours. Dr. Lafaso has always been eager and willing to open the space and equipment for these additional learning opportunities under the supervision of a faculty advisor."

Heather M. Duplessis
MD/MPH Candidate | Class of 2024
LSU School of Medicine | New Orleans

"Being able to practice various scenarios and procedures has been invaluable to my medical education. The simulation center provides students with the opportunity to practice skills ranging from IV and LP placement to running ACLS codes. The instruction we receive in the simulation center leaves us well prepared for our clinical experiences. Additionally, the simulation center has allowed my classmates to develop a strong sense of comradery along the way."

SIMS in action

LSU Announces Dr. Steve Nelson as Chancellor of LSU Health New Orleans

Dr. Steve Nelson will serve as Chancellor of LSU Health New Orleans, pending a vote by the LSU Board of Supervisors. He has served as Interim Chancellor since fall 2021.

As part of his role, Dr. Nelson will oversee completion of the center's 10-year reaccreditation review cycle, a rigorous 18-month process designed to reflect the excellence of the program.

"We are grateful to Dr. Nelson for shepherding the LSU Health Sciences Center through this arduous but critically important process," said William F. Tate IV, LSU President. "His institutional knowledge and dedication to the center will no doubt lead to a positive outcome."

Dr. Nelson's career spans decades of progressively more senior academic medical leadership positions while consistently maintaining significant National Institutes of Health (NIH) funding, caring for critically ill patients, training hundreds of future healthcare professionals, and advancing healthcare policy to ensure optimal care for citizens across Louisiana.

Dr. Nelson

After graduating with honors from the State University of New York at Stony Brook, Dr. Nelson earned his medical degree as a University Scholar at McGill University. At the Johns Hopkins Hospital, he completed his residency in Internal Medicine along with a Clinical Fellowship in Pulmonary/Critical Care Medicine and a Research Fellowship in Pulmonary Medicine.

Dr. Nelson joined the LSU School of Medicine faculty in 1984 and rapidly rose through the ranks, becoming Professor of Medicine in 1994 and the John H. Seabury Professor of Medicine in 1995. He served as Vice Chair of Research in the Department of Medicine and in 2005 was named Chief of the Section of Pulmonary/Critical Care Medicine. Dr. Nelson was appointed Dean of the Medical School in 2007 and President of the LSU Healthcare Network in 2009.

Dr. Nelson has been a National Science Foundation/National Institutes of Health funded investigator his entire academic career with more than \$45 million in extramural funding. He has authored or co-authored over 250 peer-reviewed journal papers, seven books/monographs and 30 book chapters.

Dr. Nelson's honors include membership in Alpha Omega Alpha (the medical honor society) and Delta Omega (the public health honor society) along with inclusion in multiple volumes of Best Doctors in America, Guide to America's Top Physicians, and New Orleans Magazine's Top Doctors. He was recognized in 2006 by the American College of Chest Physicians with its annual Edward C. Rosenow III Honor Lecture Award for outstanding contributions to mentorship and training of chest physicians. In 2019, Dr. Nelson received the prestigious Spirit of Charity Award in recognition of his significant medical contributions and compassionate care cultivated through years of practice at Charity Hospital. He is a Diplomate of the National Board of Medical Examiners, the American Board of Internal Medicine, and the American Board of Internal Medicine in Pulmonary Disease.

"Throughout my years at LSU, I have focused on educating the future healthcare professionals who will practice and serve in Louisiana, promoting the health of our citizens, and facilitating the translation of scientific discovery to the bedside. I am grateful that President Tate has entrusted me with the opportunity to continue to build on the successes of this exceptional institution."

Match Day

Match Day reveals 80% of LSU Health New Orleans medical graduates staying in Louisiana will enter LSU Health residency programs

175 students participated in the National Resident Match Program this year

On March 15, 2023, 175 LSU Health New Orleans graduating medical students gathered at Audubon Tea Room to discover the results of the annual National Resident Match Program (NRMP). Match Day results revealed that 80% of graduates staying in state will enter an LSU Health residency program.

Celebration Time!

“This is a day that our senior students have anticipated for years, and the Match process has become increasingly competitive,” says **Richard P. DiCarlo** (’87), Interim Dean at the LSU Health New Orleans School of Medicine. “LSU Health New Orleans medical graduates are in demand and the high percentage that choose to remain with us for residency is a testament to the quality of our training programs and the dedication of our faculty.”

The 54% of LSU Health New Orleans graduates who matched residency programs in other states will be attending some of the most prestigious out-of-state programs like Johns Hopkins, Duke, the Cleveland Clinic, Emory, Vanderbilt, Cornell, and the University of Alabama-Birmingham, among others.

“The vast majority of physicians providing care to the citizens of Louisiana are LSU Health-trained doctors,” said LSU Health New Orleans Chancellor, Dr. Steve Nelson. “National studies have shown that many physicians set up their permanent practices in the communities where they complete their residency, but Louisiana is different. A high percentage of LSU Health New Orleans medical graduates come home to establish their practices.”

Established in 1952, the NRMP is the primary system that matches applicants to residency programs with available positions at U.S. teaching hospitals and academic health centers. Students across the country found out on the same date and time where they matched and where they will spend their years of residency training, starting this July.

Checking locations on the map

Tigerlines

1954

Robert J. Cangelosi, New Orleans, LA – “In practice of Ophthalmology since July 1, 1958—oldest physician in practice in Louisiana. I fell at home the day after Easter with broken leg. Enjoyed all of the years and will miss my patients.”

1957

Arthur A. Mauterer, Amite, LA – “Internship—then five years of general surgery training. General Surgery—35 years in practice. Ambulatory Internal Medicine—12-13 years. Finally, part-time Prison Medicine, then finally, Addiction Medicine. What a trip. All very gratifying. At 90 ½ ready to give it up.”

1960

G. Dewey Dunn, Nashville, TN – “I retired from the VA Hospital in Nashville, TN, in 2018. I continue to attend the Internal Medicine report conference M.W.F. at the hospital. My wife, Bobbie, and I went to Paraguay, South America, in July to see patients and Bobbie worked in the eye clinic screening, examining, and fitting glasses on folks—some had never had an exam & could not afford glasses. Truly—it was a great blessing.”

1961

Wayne G. Elliott, Eldorado, AR – “Enjoying retirement after 20 years of Anatomic and Clinical Pathology. Was President of the Arkansas Board of Medical Examiners. Our lab did gas chromatography and had the first twelve-channel auto analyzer in the state. Was the Union County Coroner. Am enjoying retirement

with winter stays at our condo in North Palm Beach and boating on Lake Bruin, Louisiana, at our “camp.” Thank goodness for 401ks. Have an interesting photo of three “Dr. Elliots” —grandfather (1904), cousin (LSU, 1967), and myself (1961). Have created the “Elliott Foundation,” which pays tuition for students of LSU School of Medicine.”

1964

Glenn W. Fowler, Newport Beach, CA – “Professor Emeritus, University of California, Irvine (2009)”

1967

Charles E. Fontenot, Ville Platte, LA – “Retired—spend time as a Bank Director, raising deer for hunting preserve.”

1969

James Frederick Cardwell, Prairieville, LA – “Moved from Raceland to Prairieville. Retired in OB-GYN Ochsner Clinic (1st) and retired in OB-GYN Women’s LSU Service (2nd). Volunteer for church, Special Olympics, and more.”

Richard L. Fremaux, Saint Martinville, LA – “Not dead yet. Back at work part-time for a former U of TX HSC Neuro Fellow Trainee at U FL JAX via remote RIS/PACS Neuro Consults from my home on the Bayou Teche.”

David L. Larson, Elm Grove, WI – “Since my retirement from practice 11 years ago, I have been a site visitor for the ACGME. Part-time job, full time fun!!”

Robert Louis Morrow, Jr., Lafayette, LA – “I retired from medicine in December 2015 after 46 ½ years of Orthopedic-Hand Surgery practice. Retired from the military at 60 years old in 2003 after serving 13 years active duty in USAF, 3 ½ years in USAFR and 16 years in USAR. My wife, Margaret, and I have been living in Lafayette since 1983 and will celebrate 60 years of marriage in May 2024. We enjoy being with family in the local area and especially enjoy our two teenage grandchildren and partaking in their athletic and academic activities. We are looking forward to catching up with fellow classmates at our 55-year class reunion in June 2024.”

1970

David M. Bray III, Bainbridge Island, WA – “13th year of retirement. Traveling: Ireland, Mt. Adams, Washington. I try to visit Lafayette, La Cajun Music Festival. Birding in Arizona. Still play in a Jazz Band (string bass) and harmonica in two other bands. Three grandkids and oldest attending Wake Forest, NC. Trying to keep up with wife Susan who bikes, plays tennis, and pickle ball. Pickle ball started on Bainbridge Island, WA.”

R. Parker Griffith, Huntsville, AL – “Retired, doing well, missing my good friends Ray Sheppard and Len Baird.”

Claude J. Tellis, Sr., Baton Rouge, LA – “I am retired 10 years and living in Baton Rouge, La. I was in the Army at Walter Reed Army Medical Center for over 19 years. I retired as a Colonel and was head of the Pulmonary Department. I worked at Ochsner Clinic of Baton Rouge as the head of Pulmonary for 24 years. LSU prepared me well for a

Tigerlines

great career and I am grateful. As the one African-American in the class, and maybe the first at the school, I am thankful for the support I received.”

1971

Daniel E. Gremillion, Nashville, TN – “I’m very grateful for my four years at LSU/Med/Nola.”

Bennie P. Nobles, New Orleans, LA – “So blessed to be a graduate of LSU Medical School! We had so many great teachers, mentors, and colleagues. I’m so privileged to volunteer and serve our fellow man. I hope everyone continues to use the special talents we’ve been given to continue serving the less fortunate!”

1973

Patrick J. Brandner, Henderson, NV – “Retired from a 23-man/woman group I helped found in 1982. Unable to attend 50th Anniversary Class of 1973 due to postoperative spinal decompression/fusion. Married for 32 years and have two grandchildren. Have business now of restaurants in Las Vegas Wynn Casino Hotel. Thank you, LSU. I was admitted to med school on St. Patrick’s Day with draft notice for two weeks to Vietnam.”

David W. Krueger, Houston, TX – “As an Executive Mentor Coach (post psychiatry) I help physicians create and implement successful retirement strategies.”

1974

William B. Stein III, Longboat Key, FL – “Mary and I have retired to Longboat Key, Florida. We are enjoying traveling and our seven grandchildren. Our oldest, William

V, just started medical school and will become the 4th physician in our family.”

James S. Wade, Lafayette, LA – “Married 42 years. We have three daughters and two grandchildren, one baby girl going on two and one baby boy 12 weeks old. Retired from General Surgery.”

1975

Ken B. Sherman, Elgin, TX – “Out on my ranch near Austin. My son lives in Austin, but my daughter took our two grandkids (one and four years old) from around the bend to Boston, following her hubby to the J.F.K. School of Public Affairs, bumper!”

Bob P. St. Amant, Baton Rouge, LA – “After practicing 33 years in Family Medicine, I specialized in Clinical Lipidology serving as Medical Director of a lipid clinic for the past 11 years. I retired in March of 2022. Time well spent now with wife, Claudette, children, grandkids, 95-year-old mother, and 94-year-old mother-in-law. Yes, I would do it all over again!”

1978

Mickey J. Viator, Maurice, LA – “Finally retired from clinical practice. Doing Physician Advisor work from home office. I am back in my home parish, Vermillion Parish. Two daughters, two sons-in-law, two stepsons, and five grandchildren are healthy and doing well. Married to Sheila Bergeron Viator for 22 blessed years. Life is good!”

1980

Jon V. Schellack, Baton Rouge, LA – “The Vascular Clinic (Jon Schellack ’80, London Guidry ’04, Taylor Gwin ’08, and Wajeeh Irfan) is looking forward to Madeline Dills (Y5 2024) joining our practice in 2024!

1981

Kathy Matthews, Denver, CO – “I retired in 2023 and one of my daughters became a Tiger Cub! It was a great year. I have four children: an IT manager at Children’s Hospital in Denver, an attorney in Denver, a medical student at LSU, and my youngest is PhD student at the University of Texas, Austin in aerospace engineering. My partner, Larry, and I are now focused on travel; we spend time at our cabin in the mountains and in our travel trailer.”

David O. Moore, Dallas, TX – “Still enjoying CV Surgery after 34 years in practice. We have an excellent Heart and Vascular Specialty Hospital located in Plano, TX. This is a Baylor Scott & White Facility where we do around 2,000 heart surgeries each year. We started a CV Surgery training program several years ago, which has added new dimensions to our practice.”

1983

Wayne A. Slocum, New Orleans, LA – “Retired to New Orleans. Looking forward to hanging out.”

1984

Adrian B. Blotner, Jacksonville, FL – “Doing well, practicing outpatient psychiatry in Jacksonville, FL.”

Tigerlines

1986

William B. Klein, Bonaire, GA – “Still living in Central Georgia working as a Board Medical Officer for Air Force Reserve Command and doing FAA exams in my spare time. Have recently been named to the executive committee of the Aerospace Medicine Association and am serving as the Vice Chair for the American Board of Preventive Medicine.”

1989

John D. Knapp, Baton Rouge, LA – “Missing his old friends!”

1994

Robbin J. Broadman, Tiburon, CA – “Doing great with full-time forensic psychiatry practice.”

Gerard F. Sigue, Broussard, LA – “Practicing in my hometown of New Iberia, LA, going on 24 years. Nephrologist employed by the hospital enjoying my practice and family. I have been truly blessed with my beautiful wife Candice. My sons Brennan and Bennett and three grandchildren all live in Dallas, TX, and my wife’s three adult children live here in Broussard, LA. In 2023 we traveled to Spain and visited nine cities in seven days.”

1995

Drew and Beth Clarke, New Iberia, LA – “Drew is traveling a few days a month to exotic locations in faraway places like Covington, LA, and Danville, KY, helping out as a Locum Tenens Hospitalist. While he’s away, Beth holds down the fort while practicing ENT & Sleep Medicine in Lafayette. When he’s

home, they sit on the couch with the dog, follow their two boys’ hijinks by text and social media, and plot their next 5th wheel getaway. See y’all for #30 in 2025!”

1998

Dayna M. Lago, Virginia Beach, VA – “My daughter Callie Dickinson will enter the 2024 LSU Medical School class. So proud of her recent accomplishments as SEC female athlete of the year and the 2023 NCAA top ten award.”

1999

Angela B. Wingfield, Pass Christian, MS – “Celebrated 20 years in practice by being featured in *Vogue* magazine.”

2004

Matthew D. Givens, New Orleans, LA – “Chief of Interventional Radiology at the New Orleans VA; Asst. Program Director of the DR/IR residency at LSU.”

2009

Marshall R. Naquin, Baton Rouge, LA – “Getting married in January 2024.”

Michael B. Wright, Lake Charles, LA – “During 2023 I was appointed Medical Director of Psychiatry for Lake Charles Memorial Hospital. We continue to rebuild after the devastating effects of hurricanes Laura and Delta, which hit SWLA during the height of the Covid pandemic. We are also proud of our LSU Family Medicine residents providing high-quality care to our community.”

2011

Vincent N. Vu, Waipahu, HI – “Living the dream in Hawaii! Thirteen years in the Army and counting.”

2014

Brittani M. Breaux, Baton Rouge, LA – “I’m a mother of two. I started my own private practice within endocrinology - Alta Endocrinology Clinic, and I’m still an avid Saints fan!”

Victoria B. Givens, Austin, TX – “Opened my solo private practice (Givens Facial Plastic Surgery) in Austin in 2020. Three years running!”

Jennifer B. Logan, Ambler, PA – “I’m now a Pediatric Pulmonologist and Cystic Fibrosis Center Director in Pennsylvania.”

Alexis L. Morvant, San Francisco, CA – “I just started a new job at Stanford on November 1, 2023. I’m the inaugural Kriewall Haehl Director of Pediatric Palliative Care Medical Director, QoLA Pediatric Palliative Care Division of Quality of Life, and Pediatric Palliative Care Clinical Associate Professor, Department of Pediatrics, Stanford School of Medicine and Stanford Medicine Children’s Health.”

Former Resident

2000

Cheryl M. Klenow, The Villages, FL – “Currently working for K2 Research in Lady Lake, FL, as a sub-investigator doing Alzheimer’s research.”

~ In Memoriam ~

Dr. Agee

John M. Agee ('69)
August 22, 1944 - April 13, 2023
Sunriver, Oregon

John M. Agee ('69), retired Sacramento hand surgeon, passed away following hospice care. Texas born, John was raised in Lake Charles, Louisiana, by Pete and Anne Phillips. John lost his WWII veteran father while still a boy. Encouraged by his new family, John's engineering mind grew from RC model aircraft to orthopedic medicine at Louisiana State University and to bioengineering with the establishment of his Hand Biomechanics Lab (HBL). Along the way he served in the U.S. Air Force, trained under his hero mentors, Drs. Paul Brand and Daniel Riordan, and loved and was proud of his family. Through HBL, John researched and found solutions for carpal tunnel

syndrome, joint replacement and wrist fractures. Earlier in his career his passion for scoliosis care began and continued for many years.

Outside of medicine, John most liked flying, building his airplane, boating, tinkering in his own machine shop/aircraft hangar, all things efficient, brilliant people, the wonder of God's creation—the human body, and most of all walking his beloved canines, Oscar, Sparky, and Mutzy.

From your Alumni Office. . .

Dear All,

Our office is actively planning reunions scheduled for June 2024. For the first time, reunion weekend will be headquartered at Le Meridien Hotel in New Orleans on Poydras St. As usual, the Committee of 100 Banquet will kick off the festivities on Thursday, June 6th. The reunion cocktail party will be held on Friday, June 7th, also at Le Meridien. The Scientific Session (with CME credit) will be on Saturday, June 8th.

Reunions being planned for this year include classes of '64, '69, '74, '79, '84, '89, '94, '99, '04, '09, and '14.

The Class of '74 will be honored at a Saturday luncheon where they will receive their 50-year diplomas. The individual class reunion parties are booked at a variety of venues across the city.

As always, feel free to contact the Alumni Office with any questions or concerns.

Sincerely,

A handwritten signature in black ink that reads "Cathi Fontenot". The signature is written in a cursive, flowing style.
