Georgia Baptist College of Nursing of Mercer University	PhD	May 2012	Nursing

Dr. Alison Davis is an Associate Professor of Clinical Nursing, Interim Associate Dean of Nursing Research, Scholarship and Science and Director of the MSN Nurse Educator Program with LSU Health New Orleans.

With the School of Nursing, Dr. Davis is responsible for overseeing the day-to-day activities for the Office of Research, Scholarship and Science. She also oversees and coordinates the submission, implementation and evaluation of grants on local, national and federal levels. In addition, her work with the MSN Nurse Educator Program allows for the opportunity to design, plans, and coordinate curriculum to include developing and coordinating student didactic and learning experiences, maintaining compliance with the CCNE accreditation standards, LSBN standards, and the Louisiana Board of Regents standards.

As a population scientist, Dr. Davis’s interests include women’s health, cervical and breast cancers and clinical trials.

Dr. Davis is an active member of the National League of Nursing where she is a certified nurse educator. She is an active supporter of the American Cancer Society where she received her certifications in Advanced Cardiac Life Support and Basic Life Support for Healthcare Providers.

Dr. Davis has been the recipient of numerous research grants including most recently a grant to support the development of an evidence-based public health simulation training program to reduce maternal and infant mortality in Louisiana.
