

Dr. Yvette Bren-Mattison
Assistant Professor, Research
LSU Health New Orleans School of Medicine

Education

Stony Brook University	B.S.	12/1994	Biochemistry
University of Colorado Boulder	Ph.D.	05/2002	Molecular Biology
Postdoctoral Fellow, University of Colorado		2002-2003	
Postdoctoral Fellow, University of Colorado Health Sciences Center		2003-2006	

Dr. Bren-Mattison is an Assistant Professor in the Department of Surgery at LSU Health New Orleans and the Director of Clinical Research in the Rare Cancer Program. Her primary focus is on the expansion of clinical trials, specifically in the rare disease landscape.

Dr. Bren-Mattison's most recent field of study is in oncology, focusing on PPAR gamma signaling and murine models of human cancer.

Currently, her studies are focused on the underlying etiology and mechanisms associated with emergence and progression of neuroendocrine tumors. This work has resulted in fourteen peer reviewed publications.
