

In September of 2016, Dr. Tsien and her graduate student, Ayesha Umrigar presented a week-long epigenetics course at the Universidad Juárez Autónoma de Tabasco, Villahermosa, México. At the end of the week-long lecture series (8 lectures) and hands-on workshop, they presented lectures for the Comisión Nacional Para el Conocimiento y Uso de la Biodiversidad (CONABIO) Conference, with Dr. Tsien and Ayesha being keynote speakers. These lectures were presented in Spanish and English.
