

### **Community Outreach Committee**

The charge to the Community Outreach Committee is to facilitate the expansion of outreach initiatives that will develop educational and service learning opportunities. The committee seeks to leverage the talent and expertise of its faculty and students to advance the school's outreach and strengthen relationships with community partners to address health disparities and promote health equity in our communities.

This committee is comprised of faculty members from basic science and clinical departments, a resident representative, and 3 student representatives from the 3<sup>rd</sup> or 4<sup>th</sup> year classes. The Associate Dean for Community Engagement and Health Equity Programs serves as Chair in an ex-officio, non-voting capacity.
