General Information about Submission Reviews

Zimmer reviews all requests for funding as they are submitted. Please allow up to one month for a response to your request. All proposals are reviewed and assessed for its scientific merit, technical relevance and business needs of the company. Final approval will be communicated to the Principal Investigator by an appropriate Zimmer employee.

No work should begin on a project until a fully executed agreement is in place.

General requirements of a Research Services Agreement may include but are not limited to the following

(if funding is awarded)

- 1) Any manuscript intended for publication resulting from the research shall be submitted to Zimmer no less than one month prior to submission for publication to allow Zimmer to review said publication to ensure that no confidential or proprietary information of Zimmer will be disclosed in the publication.
- 2) Zimmer shall be offered the right of first negotiation for an exclusive license to any patentable intellectual property arising out of the research.
- 3) Any product, materials or data provided as part of the research is to be used solely for the stated research and shall not be implanted in any human.
- 4) Zimmer will be entitled to certain rights in and to the data generated pursuant to the research.
- 5) Payment structure is 20% of funding initially and 20% upon completion of the research and submission of a final report. The remaining 60% of funds will be disseminated quarterly conditioned on the submission of interim or annual reports. Both the institution and the PI will be required to sign certifications each time a payment is due as a condition to Zimmer releasing such payment. Sample certification language is available upon request.
- 6) An accounting of expenses is expected to be submitted detailing itemized expenses at least annually and upon completion of the research. Zimmer will not pay in excess of (i) actual costs incurred by the institution in carrying out the research or (ii) the total amount of the agreed upon budget.

The undersigned affirms to the best of his/her knowledge and belief and after reasonable inquiry that the foregoing information is true and accurate and that this request for research funding and any potential future funding associated with this request are not meant to induce use of, purchase of, or recommendation of Zimmer products by a healthcare professional.

The undersigned affirms that they have read the research services agreement general requirements as outlined above.
