Children's Hospital Construction Update

Important Updates from the Children's Hospital Construction Project. Take a look. ([report](#))

LSU Pediatrics Announcements

The department is excited to announce the opening of the new LSU/Children's Hospital Pediatric Academic Clinic at 2633 Napoleon Ave. The clinic is accepting new and established patients from the former Tiger Care Clinic. Several faculty will practice at the new clinic including Amanda Dumas, Marcie Houser, Ashley Farge, and Will Morgan.

Welcome to New Faculty!

Dr. LaTasha Lewis, MD is joining Children's as the 6th and final cardiac intensivist as well as the Associate Medical Director of the CICU. Dr. Lewis did her pediatric critical care training at Children's Hospital of Michigan and her Cardiac ICU training in Pittsburgh. Dr. Lewis has several years of clinical experience and is most recently joining us from the Cardiac program at St. Joseph's in Florida which is part of the Pittsburgh program.

In addition to her Cardiac experience, Dr. Lewis has several years of PICU experience and has previously functioned as the Medical Director in her previous PICU. Dr. Lewis has been adored by the staff everywhere she has worked

and is an exceptional team player. We are very excited to have her leadership and experience be the final piece of the CICU physician team!!

Dr. Hannah Bauer joined the Division of Pediatric Critical Care as a clinical assistant professor on October 1st 2019. She graduated from LSU Medical School in Shreveport and completed both her pediatrics residency and critical care fellowship at the University of Arkansas for Medical Sciences in Little Rock, Arkansas in 2015 and 2018 respectively.

Since completing her training, she has spent her time working at Arkansas Children's Hospital and doing international pediatric critical care work for Doctors Without Borders. She has just returned from a several month tour of duty in Lebanon.

She has particular interests in international critical care medicine, quality improvement and ECMO as well as Ice Hockey, Lacrosse, Snow skiing, Hiking and Mountain Climbing, and she is an active and accomplished Rugby player.

The **SSPR Abstract Deadline** is October 11th at 11pm CST! See registration details [here](#). The meeting will take place February 13 - 15, 2020.

New **Pre-Review for Grant Proposals** service offered by LSU ([information](#))

Geaux Over the Edge & Health Fest 2019

Dr. Ryan Pasternak is looking for a few members of the department to join him on December 6 to "Geaux Over the Edge" and support Special Olympics Louisiana. Dr. Pasternak has volunteered to rappel down Benson Tower. Anyone want to join him in the challenge to:

- Swat train with J.P.S.O.
- Helicopter ride across NOLA

Why is This Challenge Important to Us?

You may be wondering what rappelling down a skyscraper has to do with Special Olympics, the answer is simple. If you are a person with intellectual disabilities, you encounter adversities daily. You must have courage to try something that doesn't come easily to you. Our athletes bravely face challenges on the field, in the pool and on the court. They are the inspiration for this event. We are asking our participants to step into the shoes of our athletes. Take your support for Special Olympics Louisiana to new heights and face your fears. It takes the same amount of courage to go "over the edge" as it does for individuals with intellectual

disabilities to participate in sports.

You can find more details here: https://www.flipcause.com/secure/cause_pdetails/NTI1MDk=
Please contact Dr. Pasternak if you are interested in taking part!

Diversity Workshop

The LSUHSC-New Orleans Postbaccalaureate Research Education Program (PREP) in Biomedical Sciences *Professional Development Workshop: Diversity, Equity, Inclusion and Implicit Bias in Academia* for Graduate Faculty and Staff is being held on **Thursday, October 24, 2019 from 2:00 - 5:00 pm on the 3rd floor MEB Rm 3214.**

Faculty that would like to serve as a research mentor for the Scholars of the PREP during June 1, 2020 - May 31, 2021 are required to participate in one PREP Diversity Workshop prior to a student entering the laboratory.

Attendance will be limited to the first 20 faculty that respond.

Please Email lharris@lsuhsc.edu if you'd like to attend. We look forward to your participation.

FACULTY DEVELOPMENT

New video monthly

October Video: *Orienting Your Learner*

Orientation is a critical step for all learning encounters - whether you are with the learner for a few hours, a week, or a 3 year continuity clinic experience. The orientation lays the foundation for your time together, sets expectations for both the teacher and the learner, and enables learners to be more efficient. This video shows ways to effectively orient your learners, making feedback more effective, and setting clear expectations for their performance.

Clinical Professor of Otolaryngology-Head & Neck Surgery,
Department of Otolaryngology—Head & Neck Surgery
LSU Health Sciences Center
Adjunct Professor, Department of Otolaryngology
Tulane University School of Medicine

Wednesday, October 2, 2019
8:00 am - 9:00 am
CHNOLA Conference Center

Special Message from the CHNOLA CME Office:

Pediatric Grand Rounds GoToMeeting Instructions

To better manage the GoToMeeting component of Pediatric Grand Rounds, each week there will be a unique link to the presentation. The link will be located at the bottom of the flyer email sent out on Monday morning.

You will no longer need to register with the CME Department at Children's to receive credit, but you will have to sign in using your full name as a roster will be obtained from the log in record. If any group is planning to watch and would like CME credit for attendees, please contact Catherine Mooney at Children's Hospital for instructions. She can be reached at 504-896-9264 or catherine.mooney@lcmhealth.org.

Department Wellness

LSUHSC Wellness Krewe Seminar: *Mindfulness in Wellness and Illness* presented by Dr. Jayashree Rao: October 17th, 6th floor of Lion's building. ([information](#))

Bootcamp Class: Children's is offering FREE bootcamp classes on Tuesday and Thursday evenings from 5:30-6:30 p.m. outside the Conference Center. Class is open to all Children's employees and members of the medical staff. This one-hour interval training bootcamp is for all skill levels. No experience is necessary. You will gain confidence in your abilities and increase your capacities for stamina, strength, flexibility, and balance. Please bring a water bottle with you to class.

Weekly Walk in Audubon Park - Another weekly opportunity for exercise and fellowship with your colleagues is Walk with the Execs. Every Wednesday, you can meet members of our executive team in the Lauricella Pavilion at 5:30 pm for a walk to and through Audubon Park. We hope to see you next week!

New Orleans Athletic Club is offering special rates for LSU employees. Show your current paystub and receive a \$50 initiation fee (normally \$250). Monthly memberships are \$88 + tax. Family memberships are also available. All group classes and complimentary parking are included with membership. [NOAC Flyer](#), [Group Class Schedule](#)

Other Events
