Dr. Bonnie Desselle Named City Business Woman of the Year

Congratulations to Dr. Bonnie Desselle who was named a City Business Woman of the Year. She was honored at a banquet last Friday.

Healthy Tigers Food Drive

The Healthy Tigers are organizing their annual food drive for Second Harvester's Food Bank. Please donate non-perishable items from the list below to help support a future food pantry at the Tiger Care Clinic. The food drive will run through the end of November.

There is also a competition between the three residency classes and faculty for who can collect the most items. Residency boxes are placed in the resident lounge and the faculty box is in the LSU Pediatrics administrative suite on the State Street campus. The winner will receive a pizza party!

MOST NEEDED FOOD ITEMS TO DONATE TO SECOND HARVEST FOOD BANK

Second Harvest accepts all nonperishable items (foods that do not need to be frozen or refrigerated). We prefer non-glass containers. When collecting food for your drive, please keep in mind that we need nutritional food items that are low in sodium/salt and sugar. It's important that those individuals with limited financial (and other) resources receive the most nutritious foods available.

Geaux Over the Edge & Health Fest 2019

Dr. Ryan Pasternak is looking for a few members of the department to join him on December 6 to "Geaux Over the Edge" and support Special Olympics Louisiana. Dr. Pasternak has volunteered to rappel down Benson Tower. Anyone want to join him in the challenge to:

- Swat train with J.P.S.O.
- Helicopter ride across NOLA

Why is This Challenge Important to Us?

You may be wondering what rappelling down a skyscraper has to do with Special Olympics, the answer is simple. If you are a person with intellectual disabilities, you encounter adversities daily. You must have courage to try something that doesn't come easily to you. Our athletes bravely face challenges on the field, in the pool and on the court. They are the inspiration for this event. We are asking our participants to step into the shoes of our athletes. Take your support for Special Olympics Louisiana to new heights and face your fears. It takes the same amount of courage to go "over the edge" as it does for individuals with intellectual disabilities to participate in sports.

FACULTY DEVELOPMENT

New video monthly

November Video: *Direct Observation*

In this season of Thanksgiving, I'm thankful for our dedication to excellence in education! Direct Observation of our learners is one of our most powerful educational tools. This short video (7 minutes 11 seconds) gives tips on making the most of each observation. This is especially important during this busy time of year.

Special Message from the CHNOLA CME Office:

Pediatric Grand Rounds GoToMeeting Instructions

To better manage the GoToMeeting component of Pediatric Grand Rounds, each week there will be a unique link to the presentation. The link will be located at the bottom of the flyer email sent out on Monday morning.

You will no longer need to register with the CME Department at Children's to receive credit, but you will have to sign in using your full name as a roster will be obtained from the log in record. If any group is planning to watch and would like CME credit for attendees, please contact Catherine Mooney at Children's Hospital for instructions. She can be reached at 504-896-9264 or catherine.mooney@lcmchealth.org.
