LSU Office of Medical Education presents:

2021 Virtual Quality Improvement & Patient Safety Forum

Clinical Informatics: The Data is in the Computer

Shubho Sarkar, MD

Assistant Professor of Pediatrics

Thursday, June 3, 2021

Sponsored by LSU School of Medicine's Office of the Dean, Office of Graduate Medical Education, and the Enhancing Quality Improvement for Patients (EQulP) Program.

This event is open to all LSUHSC Faculty, Staff, Residents and Students

The Louisiana State University School of Medicine - New Orleans designates this live activity for a maximum of 3.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Volume IV

Dr. Shubho Sarkar will give the keynote address at the 9th Annual LSU Quality Improvement/Patient Safety Forum, a venue for residents, fellows and students to highlight Quality Improvement/Patient Safety work that is being done at all of our clinical training sites, this Thursday, June 3. Dr. Sarkar's talk will focus on the importance of medical informatics and the LCMC EPIC program SlicerDicer to assist in Quality Improvement project efforts.

View the Course Schedule, Abstract Booklet, and Zoom link [here](#).

Schedule departmental presentations:

12:05pm - 1:05pm - *Clinical Informatics: The Data is in the Computer*, Shubho Sarkar, MD

1:30pm - 1:45pm - *Implementing a Golden Hour Protocol to Decrease the Rate of Severe Intraventricular Hemorrhage*, Peter Joslyn, MD

Shannon Palombo, MD will moderate Poster Session 2: OBGYN & Surgery Programs.

Poster Session 3: Pediatrics Psychiatry & Pathology Programs

Resident Class of 2021 Spotlight

Each week, leading up to their final days of training, the residency team will highlight our graduating residents. Please join us in celebrating these excellent pediatricians at the departmental level...give them some shout outs in the hallway over the next few weeks! We thank all of our "almost graduates" for three wonderful years of dedication to their patients, their peers, and to LSU Pediatrics/Children's Hospital. You will do GREAT things, and we will miss you all.

Diana Nguyen, DO

From: Dallas, TX

College: Southern Methodist University

Medical School: University of North Texas
HSC

Plans after graduation:

Outpatient pediatrician

Talent: I speak English, Vietnamese & Spanish

Interesting Fact: Anything pop culture/
reality TV, I'm your girl.

Advice you wished you'd known during residency: You really know more than you think! And when you don't, you always

have your awesome co-residents and staff to help. Don't forget to have fun in between all the stressful moments.

Evaluation Highlights: "Dr. Nguyen wonderfully incorporates evidence-based medicine into her practice and is able to think critically and synthesize complex topics into wonderful dialogue and questions. She is excellent with patients and showed immense compassion and empathy as she navigated complex cases alongside the team. She is thorough, efficient, and a very good team leader. She cares deeply about her team and patient families and is willing to go the extra mile on a daily basis. She is an all around wonderful resident to work with."

Bimal Pangli, MD

From: Madison, Wisconsin

College: University of Wisconsin Madison

Medical School: University of Queensland-Ochsner School of Medicine

Plans after graduation:

An Allergist!

Talent: I have won every single game of Clue I have ever played.

Interesting Facts:

I have spent 3 months living in a monastery in the Himalayan foothills.

Advice you wished you'd known during residency: Fake it till you make it.

Evaluation Highlights: "Bimal is an all star. She is smart, but is always trying to learn more. She is hard working, but will go the extra mile for all her patients. She is kind and shows that through the care and dedication she gives her patients. She cares for her fellow residents and never leaves them when needed. I want to be like Bimal."

FACULTY DEVELOPMENT

New video monthly

June Video: What is Difficult about Feedback?

Feedback is crucial for our learners. This video (6 minutes) from the University of Michigan directly addresses challenges to Giving Feedback - time, feeling it's subjective, worries about rapport, negative reviews from learners - and provides some concrete ways to overcome these barriers.

<https://www.coursera.org/lecture/clinical-skills/01-03-what-is-difficult-about-feedback-Q32ML>

Please send any suggestions or areas of faculty development need to acree1@lsuhsc.edu.

Meeting ID: 990 1076 2984, Passcode: 018428

One tap mobile: +16465588656,,99010762984# US (New York)
+13017158592,,99010762984# US (Germantown)

Note: This is a live activity. The link is only valid from 12-1:00 pm and the presentation will not be recorded for CME or CEU credit. Please sign in with your full name and credentials in order to receive credit.

Objectives: At the conclusion of this activity, participants should be able to:

1. Recognize the presenting symptoms of eosinophilic esophagitis.
2. Discuss the steps for diagnosing patients with eosinophilic esophagitis.
3. Describe the evidence-based management of eosinophilic esophagitis.

Intended Audience: This activity is specifically directed towards the pediatrician, but it is open to all other interested physicians, residents, medical students and allied health professionals.

CME Statement: Children's Hospital is accredited by the Louisiana State Medical Society to provide continuing medical education for physicians. Children's Hospital designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CEU Statement: Children's Hospital is approved as a provider of nursing continuing professional development by Louisiana State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.
