

CIG

Cardiology Interest Group

Our Purpose

To give early and impactful experiences and exposure of the field of Cardiology to medical students.

Looking Forward To:

Meetings where practicing Cardiologists come to speak on their experiences and what makes Cardiology a great specialty
Delving deeper into common cardiac pathologies
Exposure to residents and fellows in Cardiology and diverse physician perspectives

Our Vision

Cardiology is not a specialty in which one matches to straight out of medical school. We aim to provide teaching and exposure to the paths) of Cardiology, different subspecialties within Cardiology, the different types of clinical settings of practice, and more.

We wish you a wonderful school year, and we cordially invite you to join our Cardiology Interest Group, free of charge!
